

Pat Buchanan Face Book Response to Is McCain Hijacking Trump's Foreign Policy?

Of Course he is!

Less we forget, John McCain is a true patriot and staunch supporter of what is in the best interest of the country he loves and serves. He, along with Linsey Graham, will continue to fight for the survival of their beloved nation and would willingly send our flowering youth to fight a war with any enemy that threatens the survival of their beloved nation. They will personally attack anyone, that is in defiance of their noble cause. I mean anyone, including the current legally elected POTUS, the Senator from the great State of Kentucky, and anyone else that gets in the way of what is in the best interest of the nation they love and are beholden to. This would be great news for the United States of America except and unfortunately for us, the great nation they serve and are beholden to, is not the United States of America.
