

Facebook response to Pat Buchanan on Trump Enemies See an Opening 1/12/2017

Well What ya know The Swamp draining program has been temporarily halted. Plugged up with fake newspapers and other McCain like waste. Credible hacking by the Russians or establishment lies for sinking the new President 's draining program (DTS)? Another Watergate type investigation? Bring it on. Trump is no Nixon. No one was sure that Nixon would resign. Indeed there was the real possibility that a push back might have occurred. Nixon, the Commander in Chief could have called in the military and declare a real Marshall Law thus maintaining his Presidency. He didn't, he resigned. Maybe it was because Nixon didn't have the real love of his people, Trump does have that love from his people and will not resign. But maybe, the "Bunker Mentality" folks of the Belt Way who don't get it, find some other way to rid themselves of Trump. Big League mistake They are not currently, but should Read the People and calculate the possible consequences of their actions. Even if they are successful in ridding themselves of Trump, they should know that Trump is only the head of a movement by "We The People" called "Make America Great Again". And to do this, the People know that the first program, on the first day, of the first month on the 20th of January, that will need to be executed, is the DTS program. Getting rid of Trump will only result in bringing a lot of Rotor Router Guys and Gals to Washington and the swamp will be quickly and permanently drained.
